

Petplan Insurance is a new sponsor of the Vizsla Club of America (VCA). The Petplan sponsorship brings several benefits to the VCA and, in turn, to the VCA Welfare Foundation (VCA WF).

VCA members will receive a 5% discount when they purchase a PetPlan policy and an additional 5% for each online purchase. Please log on to gopetplan.com and check out all the Petplan Insurance benefits. You can easily customize your policy to cover all your pet's health insurance needs in a way that fits your budget.

For every new policy purchased by a VCA member, Petplan Insurance will donate \$40 to the VCA Welfare Foundation and subsequently \$20 for each policy renewal each year thereafter. For every policy purchased, then, the VCA Welfare Foundation will receive a dividend to provide further support of health research, rescue efforts and education to benefit our Vizsla community.

Additionally, Petplan Insurance subsidized the Educational Seminar at this year's National Specialty and Companion Events in Del Mar, California, featuring Jaime Modiano, VMD, PhD, Perlman Professor of Oncology and Comparative Medicine from the College of Veterinary Medicine at the University of Minnesota.

The VCA and the VCA WF very much appreciate Petplan Insurance's commitment to our Vizsla breed and all we do to keep our dogs healthy.

So, protect yourself against high vet bills and help out the VCA Welfare at the same time!
