RE: Help Wanted

The Spring Field Trial is approaching very fast and the chairman, Harold Wingerter, and the secretary Al Hahn, have been busy making the many arrangements required for the big event.

> They have actually planned two spring trials -- after all the arrangements were made near Chicago, the grounds were pulled out from under them, and they had to do it all over again taking the only date that was available on the new grounds. They have done a most commendable job!

The dates are now APRIL 22, 23, 1967. at the IZAAK WALTON LEAGUE GROUNDS, BLOOMFIELD, IOWA.

In planning and executing a successful trial, there are many things that need to be done, both before the trial and during the event. One of the biggest problem is always securing member's help to take care of these many details.

If any of you ambitious souls would be willing to help the chairman and secretary with some of this, please send a note to Harold Wingerter, 509 Cedar, Muscatine, Iowa.

Another way to help is to send a check for the trophy fund to J. R. Holcomb, Box 177, Englewood, Colorado. or to Al Hahn, 932 Hancock, Muscatine, Iowa, along with a listing in the catalog.

The schedule for the weekend will go something like this:

FRIDAY — Committee meetings, and Board meeting during the day. Notices to be sent to individuals involved in these.

FRIDAY NIGHT -- APRIL 21, 1967 — KICK-OFF DINNER

Everybody invited. Royal Cafe, Bloomfield, Iowa. $2.50 a plate.

SATURDAY -- APRIL 22, 1967 — Morning -- Field Trial

Judges' Banquet. American Legion Building. $3.00 a plate.

Followed by: ANNUAL MEETING
Board of Directors & Committee Reports
Vizsla Club of America, Inc. Business Meeting

SUNDAY -- APRIL 23, 1967 — Completion of Field Trial

I hope to see all of you at the spring trials and meetings.

Sincerely,

Len

Al Hahn, secretary

The following information was sent to the Vizsla News office about the details of the spring field trial. They say it better than to explain at length the need for the changes made. The boys have done a good job under difficulty: I hope they have the support and appreciation of all members! They certainly have mine.

Jane Graff
Seward, Nebraska

Dear Jane:

I'll give you the complete rundown from the beginning--here goes: While securing judges for the Des Plaines area, one judge said he didn't believe we would be able to hold our trial there because the army was getting ready to move in. Upon this information, I called Clare Milliken, caretaker of the Des Plaines Wildlife Area, Joliet Illinois, and he said we did have the area, and I could call Reggie Clark, State Department of Conservation, and he would give us free birds to release in the back course. I did, and he said he would give us 60 pheasants, and also verified that we would have the Des Plaines area for our trial.

The following afternoon, he called Lou Simon and informed his that he had to cancel our trial because the army was moving in for maneuvers. Lou called Bernard Boggs who called me. I called Leonard Hartl, and he called Reggis Clark who said there might possibly be a piece of ground north of Blodgett Road in the Des Plaines area for us--and to call Claire Milliken to check. I called, but he was away for the weekend to a Conservation meeting, and wouldn't be home until late Sunday night. He also had previously mentioned a Green River area near Dixon, Illinois. I called the manager at Green River, and he informed me that he had a good trial

providing we had a dry spring. If we have a wet spring, the roads are practically inaccesible, and the biggest part of the grounds are swampy, and previous trials have had to swim their horses across the ditches.

I then called a German Shorthair man in Joliet to learn some information about this area north of Blodgett Road. He informed me that this area had sufficient cover but with the army across the road, with jeeps, trucks, tanks, cannon, grenades, mortars, rifle and machine gun fire, we didn't think this would be suitable for the trial grounds.

With only eight weeks left, and no time to secure an area close to the original one, I decided to take it to Bloomfield, Iowa where I was sure of getting all the necessary facilities. Today I completed arrangements at Bloomfield, but the only possible date I could get was April 22 and 23.

So here's hoping everyone is satisfied. Since I was saddled with this position only 10 weeks before the trial, I have done the only thing I could. Any loud screams will fall on deaf ears.

I secured all judges today, and will know about the banquets within two to three days and will try to send all necessary information before this weekend. Let me know if you need to know anything further about this mess.

Dear Jane,

Here is the information you requested:

The Bloomfield Izaak Walton League grounds are a convenient combination of ideal trial grounds and good viewing for spectators. The Puppy and Derby backcourse is the same as the trial two years ago. There is a good bird field with more cover than before. They have improved it with plantings of small cedar and pine trees.

The Gun Dog Stakes have a better course, both backcourse and birdfield. The terrain in this part of the country is gently rolling, and provides a variety of hunting conditions. The backcourse is rimmed on one side by a fence row of hedge trees, and on the other side by woods. The middle is bean and cornfields with grassy swales throughout and many objectives. The gallery for these stakes has an ideal spot to watch the dogs in the birdfield. They can sit on the hill opposite the birdfield and watch the dogs to better advantage than they could at Carterville.

The Izaak Walton clubhouse is close at hand and can provide refreshments (and comfort stations) at any time. Besides the regular serving counter, there is a small adjoining dining room.

Sincerely yours,

Harold Wingerter

1967 ANNUAL ELECTION - BOARD OF DIRECTORS

The Nominating Committee:

Dr. Richard Reinhardt, Scottsbluff, Nebraska
Mrs. Betty Kenly, Phoenix, Arizona
Mr. John A. Carter, Manchester, N. H.

Your Nominating Committee presents here for your consideration eleven candidates for the six positions to be filled on the Board of Directors at the end of this fiscal year.....April, 1967. Those to be elected will serve for a three-year term of office. One-third of the Board terms expire each year.

A maximum period of 30 days is provided for your return ballot from the date of mailing by the Secretary. Enclosed with your ballot is a self-addressed envelope and this is to be forwarded directly to the addressee shown thereon. DO NOT MAIL your ballot to the Secretary. Ballots received after the closing date will not be counted.

Results of the election will be made public at the Annual Meeting on April 22, 1967 and will then be presented in the May issue of the VIZSLA NEWS.

SKETCH of each CANDIDATE'S PERSONAL HISTORY

DON ANDERSON, Denver, Colorado: Besides being a former Board member and past Vice-President of our national club, Don is known to most of you as the fellow who owns, trained and handled the first AKC Field Trial Champion Vizsla. He is the past President of the Colorado Vizsla Club and has been an active member of many bird clubs in that area. He served on the Running Rules Committee for the national club and has taken an active part in past VCA meetings and field trials.

DICK BUHMAN, Milan, Illinois: Dick is a former Board Member, former Chairman of the Finance Committee and a regular supporter of VCA national events, both bench and field. A hard worker on many field trial committees, Dick has been Field Trial Secretary for the Fall, 1964 trial, Chairman for the Spring, 1965 trial and also Chairman of the club's Fall, 1966 trial at Crab Orchard. Dick trains and handles his own Vizslas both in the field as well as on bench and, I might add, has some good hunting Vizslas.

BUD GRAFF, Seward, Nebraska: Bud, I believe, is best known to all of us as the one fellow who is always "willing to take on that particular job in the club that no one else seems to want". Bud has been a dedicated and hard worker for our club; former Board Member; club Representative to the American Kennel Club; member of the Advisory Committee on Field Trial Rules as well as member of the Finance Committee. Bud also trains and handles his own Vizslas and recently has been showing his dogs as well as field trialing them.

BELA HADIK, Chester, New Hampshire: Bela has the one distinction that keeps his name in the foreground.....he was the breeder and owner of the first and only Dual Champion Vizsla in the country as well as Canada. The Vizsla has a very dedicated supporter in this man and is truly interested in the Vizsla as the 'dual dog'. Bela is a former Board member, former Vice-President of our national club and was instrumental in the founding of the local New England Vizsla Club. He is a strong supporter of all national events whether they be field or bench and has been a constant supporter of the Vizsla News with many fine articles including the Vizsla History published in the November 1963 News.

TAFT JONES, Bremerton, Washington: Taft has been a long time supporter of all National Vizsla trials and meetings as well as being a former Board member. He was one of the founders of the Pacific Coast Vizsla Club which incidentally is one of the oldest regional Vizsla clubs in the country. He has been a past member of the Membership Committee and in this capacity has been responsible for many new members in his area.

BETTY KENLY, Phoenix, Arizona: Although Betty may be best known for her ownership of Ripp Barat, she has a background of many years of service to the VCA through Board membership, various committees and field trial organization. She has served the club as a Vice-President and a Regional Governor; has been a Field Trial Secretary on two occasions and has written several articles for the Vizsla News. Although Betty does not claim to be a breeder, she has bred several bench champions among them, the 1965 Vizsla Specialty Best of Breed dog, Ch. Gypsy's Bronze Bomber.

BERNARD McGIVERN, Leonia, New Jersey: Many of you know him best as "Bud" and have met him both in the pages of the Vizsla News and the AKC Gazette. Bud has written many fine articles for both publications. He is an avid sportsman and although his main interest has always been the bench, the field trial "bug" has finally bitten him. He now has two of his Vizslas with a trainer readying them for the spring trial season. Bud was one of the founders of the Vizsla Club of No. N. J. and is a past President of that organization. He has been big supporter of the national club's Specialties as well as the past few national trials. A good worker.

JACK McHANEY, Fairborn, Ohio: Jack is a man most dedicated to keeping the Vizsla the "dual dog". He is an avid sportsman and hunts his Vizslas at every opportunity. He has a record of being a strong supporter of both the National trials as well as the National Specialties. Jack is one of the founding members of the Vizsla Club of Ohio and has been instrumental in getting that club off the ground. A willing worker, new blood with new ideas, he is an asset to any club.

MARGARET MEMINGER, Waterford, Penna.: Marge has been an active member of the VCA for many years. She was the chairman for our club's first highly successful Plan "A" Match and co-chairman for the club's first Vizsla Specialty. Her qualifications are many and her energy and drive unending. She is a licensed AKC breed judge for Vizslas, licensed AKC obedience judge for Novice and Open and is licensed in Canada to judge Novice, Open and Utility obedience classes. Marge is extremely active in her own area and although her main interest is breed and obedience, the dual dog has always been her aim.

RICHARD OLSEN, Antioch, Illinois: "Ole", as he more generally is known, has a fine record as a 'doer' for the national club. He was chairman for the 1966 National spring trial. He hunts, trains and handles his own Vizslas. He is quite active in the Illinois regional club and a strong supporter of all national club events. This is a young man who comes through with excellent ideas and is not afraid to express himself.

HAROLD WINCHESTER, Muscatine, Iowa: Although Hal is relatively a "new" member as years go, he has had much to say and do in the past two years. He was a member of the National fall field trial committee and is the present Chairman for the 1967 spring National trial. According to the gentleman who nominated Hal, he is new blood with new ideas and "he calls 'em the way he sees 'em". He is an avid hunter and field trialer and takes an active part in all local field trials., and has shown his desire and willingness to be a "part" of the national club.

* * * * * * * * *

These are your candidates! The decision is yours! You have eleven (11) candidates to choose from - but remember - you may vote for only six (6).

The candidates you vote for will be the "voice" of your National Club - so vote for the candidates of your choice...but...VOTE WISELY!

Respectfully submitted on behalf
of the Nomination Committee,

Priscilla (Pat) Carter, Secretary

Dear Jane: (For Vizsla News)

I think this article should prove of some value to breeders who find themselves in the same situation we are, in regard to working their dogs in the field. We find no problem in breeding and showing dogs, but our location in the suburbs makesit practically impossible to work a dog consistently. We have many friends in our club who have generously offered to let us run our dogs on their land, but finding time to get there, except occasionally, doesn't really give our Vizslas enough experience. We have solved that problem by sending our pups at an early age (around three months) to a kennel near Flemington, owned by a member of our club. He has many acres of farm land, and trains our pups on birds, so that any pup we sell has been started for field work.It is then up to the new owner to continue training.

I feel this is where a local club is so important. We are able to help and be of service to each other. Members are informed of puppies and stud dogs that are available and also where for a fee or otherwise, members may board and run their dogs when necessary. It keeps the pulse on all Vizsla activities in the area.

When I had the good fortune to visit New England last summer and to meet many Vizsla breeders and exhibitors, I was impressed by the excellent quality of their dogs. I was assured by their owners that every dog there could give a good account of himself in the field. Almost all the owners live in an area that permits working their dogs daily. What I thought important was they do work their dogs, and consider a good nose as important as good conformation. It was heartwarming indeed to see such high quality in Vizslas!

I intend to make every effort to get to the trials this spring and look forward to meeting personally all the members with whom I correspond. I do hope there will be a good turnout of Regional Governors at the field trial.

In the interim, if any of you have suggestions that may benefit Vizsla owners, I would be interested in hearing from you.

Sincerely,

Jane Graff

PENNSYLVANIA REGION

At last the A.K.C. has approved a name for our regional club. It is CONESTOGA VIZSLA CLUB. The club held its first (and very successful) Sanction B Match Show on January 29, 1967 at Columbia, Pa. We were delighted with the great spectator interest- people who just came to see and to talk Vizslas. Judge Reed Hankwitz carefully examined the 25 entries and named the following top placements:

Puppy 3 to 6 Months

1st Place: Ripp Lu of Matra-Hill
Owner: Paul Slivka, Newark, Del.

Puppy 6 to 9 Months

1st Place: Cracker
Owner: Virginia Tinnesz, Lebanon, N. J.

Puppy 9 to 12 Months

1st Place: Rusty Von Toff
Owner: Sam J. Bigler, Columbia, Pa.

Best Puppy: CRACKER

Novice Dog

1st Place: Ecoruam of Laurel Ridge
Owner: Maurice C. Bortner, York, Pa.

Open Dog

1st Place: Glen Cottage Dark Surprise
Owner: Barry Rathvon, Ephrata, Pa.

Novice Bitch

1st Place: Golden Lady Omuscovic
Owner: Wm. H. Lutz, Columbia, Pa.

Open Bitch

1st Place: Desiree
Owner: Barry Rathvon

Best Adult: DESIREE

After the judging Mr. Hankwitz gave an informative talk on the Vizsla Standard using the winning adult as a model.

Show Chairman, Bill Lutz, was a whirlwind of energy helping and directing his committee. His special hamburger sauce was a deciding factor in giving us a $47.65 profit for this event. He was ably assisted by Burt Sharp, Pres. Barry Rathvon and Sec. Del Seelye. In the kitchen Helen Seelye, Ann Brawner and Liz Taylor tried to keep up with the demand for Mr. Lutz's delicious food.

Please note that the date of our first A.K.C. sanctioned field trial has been changed to Sunday, March 19. For details and entry forms please contact A. R. Seelye, Field Chairman, 1400 L. Street, N.W., Washington, D.C.

OFA FINDS HALF OF X-RAYED DOGS SUITABLE FOR BREEDING

Fully one-half of the first 200 radiographs evaluated by the Hip Dysplasia Control Registry of the Orthopedic Foundation for Animals, Inc., were of dogs certified as free from dysplasia or as near-normal. This makes those dogs suitable for breeding, reports Dr. Wayne H. Riser, the Foundation's project director.

The exact figures for the first 100 dogs evaluated were 37 certified, 21 near-normal and 42 dysplastic. In the group were representatives of 14 breeds, including German Shepherd Dog, Labrador Retriever, Springer Spaniel, Keeshond, Golden Retriever, English Setter, Giant and Standard Schnauzer, Old English Sheepdog, German Shorthaired Pointer, Norwegian Elkhound, Great Pyrenees, St. Bernard, Brittany Spaniel and Briard.

Dr. Riser reviewed the procedure used in evaluating dogs. An owner who wishes to have a dog certified as free from dysplasia secures from the Orthopedic Foundation, P.O. Box 8251, Philadelphia 19101, an application form for having a pelvic radiograph examination. The form he receives is accompanied by instructions for the owner's veterinarian as to size and type of x-ray, positioning of the dog, etc. The radiograph and completed form, together with a fee of $10.00 is sent to the Orthopedic Foundation, where it is screened by the Foundation's Director and then routed to three independent veterinarian scrutinizers. From their findings a consensus report is prepared and forwarded to the owner and the veterinarian who took the x-ray. A certificate of approval is issued for the dog having no radiographic signs of hip dysplasia; a letter of explanation of any hip abnormalities is forwarded for every dog that cannot be certified. The results of the evaluation remain confidential between the examiners, the veterinarian taking the radiograph and the dog-owner.

BREEDERS WANT TO KNOW

QUESTION: Is it possible to tell if a dog three months old has hip dysplasia?

ANSWER: It is difficult at that age except in a few pups that develop extreme subluxation or total luxation of the femoral heads at an early age. Luxation of this magnitude is seen but rarely. All pups are born with normal hip joints, and in most instances the subluxation and dysplastic changes occur slowly and a dog is usually 5 to 6 months of age before a positive diagnosis of hip dysplasia can be given. In the mild cases, a dog may be a year old before the changes radiographically are sufficient that a positive opinion can be given. Only in rare instances where luxation is extreme can hip dysplasia be diagnosed without the assistance of good radiographs.

QUESTION: Would you explain a little more fully what is meant by the near-normal class of diagnosis of pelvic radiographs. Aren't dogs either normal or dysplastic?

ANSWER: In examining pelvic radiographs for hip dysplasia, there is very little difficulty diagnosing the truly normal or the truly dysplastic hip joint. These are pretty much black and white, but there is a gray area in between normal and dysplastic that comes in for much study. The near-normal group represents hip joints that vary in conformation enough not to be considered normal but at the same time the change in shape is not sufficient to trigger the changes seen in dysplasia and/or degenerative joint disease. It is felt that such dogs may be given a breeding trial when dogs with normal hips are not available, provided that they are mated with dogs that are well-muscled in the pelvic area and certified as having normal hips. As it appears now, a sufficient quantity of pelvic muscle mass is the key to sound hip joints. As in construction, a well-braced roof never sags.

DEAR HEARTS....

Your little ol', procrastinating, stupid editor is still knee deep in copy for a certain book -- The History of Seward and Seward County. At this moment I don't think I will ever see the light of day again, however the first 3 chapters are at the printer's, and the last 3 are in varying stages of being compiled and edited -- so perhaps it will all be wrapped up and out of here soon. It has certainly been interesting and different, however, I am really looking forward to "just" editing the Vizsla News again.

Thank you for the leave of absence! Thanks to the Board for permitting it, and a great big THANK YOU to Clif Boggs who did the job for me for the past three months. It was fun reading a Vizsla News for a change.

This issue is a "paste together" one, which friend-husband gathered together from the information that has come in, and needs to go out to you. There is no time to re-type, and no space for more -- what with the weight of an entry blank to also be included. Hope this will hold you until next month.

Unfortunately our spring plans kind of got caught in the squeeze. Bud had accepted a judging assignment in Sioux City for that fourth weekend in April some time ago, and when the change in date of our National Field Trial came up, we felt that the committment to those people obligated us to that location on the 22, 23. I am sure sorry to miss all the fun. Bloomfield is such a nice place to have a field trial, too!! I hope that everyone will support the plans and event there most whole heartedly.

P.S.

Remember, too, BE A VIZSLA BOOSTER

THE VIZSLA NEWS

Published by the Vizsla Club of America, Inc. Members of the national organization received the Vizsla News as part of their membership ($10 single, or $12.50 family). Non-members may subscribe to the club's newsletter for $3 per year. The Vizsla News is the official club publication and club business may be conducted through this media; national fieid trials and specialties publicized and reported; active committee reports made and regional club columns encouraged. The publication is open to all Vizsla enthusiasts for the exchange of ideas, pictures and furthering of the Vizsla breed in the United States and around the World.
