All dogs advertised in this issue of the News have met the requirements for advertising of the Board of Directors. Adult dogs and bitches have been x-rayed for hip dysplasia and have been cleared by the Breed Improvement Committee through either the University of Minnesota or the Orthopedic Foundation for Animals. Sires and dams of puppies advertised have also been cleared.

Adequate radiographs, the owner's name and address, sex and age of dog, and a fee of $7.50 should be sent to Dick Reinhardt, VCOA Breed Improvement Committee Chairman, 104 East 21st Street, Scottsbluff, Nebraska 69361 in order to have the radiograph read at the University of Minnesota.

Instructions for OFA diagnosis may be obtained from the Orthopedic Foundation for Animals, Inc., School of Veterinary Medicine, Columbia, Missouri 65201. The fee is $10.00. When received, the original certificate may be sent to the Breed Improvement Committee address above as qualification for advertising in the News. The certificate will be returned.

Dogs which appear in News articles do not necessarily meet the requirements for advertising.

Photos will be returned only if accompanied by a stamped, self-addressed envelope.

ON THE COVER

Field Champion "Jodi" of Czuki Barat

"Jodi" completed his Field Championship at the age of 3 years. To this date he has 25 points and 6 majors. In 1967 he was 5th runner-up for the Dog of the Year Award with some 1,500 dogs in competition. "Jodi" has won them all - Derby, Amateur Gun, Open Gun, All-Age, and Limited All-Age.

"Jodi" has class, style and brains and has a sire of winners. His daughter "Tsindee" won the 1969 Vizsla Specialty completing her Bench Championship in a record of four shows.

"Jodi" is a very consistent winner in AKC and American Field, placing in 34 out of 43 trails.

He is owned by Lew and Sharon Simon, 688 No. Main, Antioch, Illinois 60002.

A LETTER

By Clif Boggs

The September 1969 Vizsla News Cover carried a picture of Haans V Selle and a write-up by Dr. Richard Reinhardt of the picture's description. I'd like to express my opinion of Haans and his "poor" handler.

Both dog and handler must be good to have established a record of 65 placements in field trials in less than seven years and it should be said that he also beat the best Vizslas and other breeds as well.

Haans showed me the true merits of the Vizsla for field trials. He was a powerful Vizsla with excellent conformation and much stamina. He has been an inspiration for me to pick and train one as good. Back in 1965 when I had the first hand pleasure of working with Dick & Haans in the field, Haans worked birds with absolute perfection and hunted like he was born to it. He performed like a true CHAMPION then!

In his desire to help others like myself, Dr. Reinhardt (Dick) let Haans be abused in practice work by at least one of his puppy derby age daughters when he was at his best. I know now that this was a bad mistake and should never be repeated by any trainer. Since that time, each dog has been braced together several times and last spring Haans got back at her the way she once did him in training. It might be said that dogs forget or forgive, but I am convinced that Haans never forgot or forgave that daughter, Trixie.

Haans was a great Vizsla! I will always remember him as having no peer and he certainly would never allow himself to be trained to work like a machine. He sired both field and show champions and he imparted to his get a sense of independence and competitive spirit for hunting that is unusual in the breed.

Dr. Richard Reinhardt has done a service to the breed and the National Vizsla movement through this personal involvement with club activities and in competition with Haans. While titles may escape some dogs because of the luck of the draw, weather, bad bracemeates, poor gunners, poor bracemate handlers, numbers entered, bitches in season at the wrong time, and the like, it makes them no less of a Champion for the breed. Seasoned dog trainers easily recognize such outstanding performance as demonstrated by Haans and Dick.

While this letter may not be great, it, in a small way, expresses my feelings and should be recorded in club history so that future members are not mislead by the modesty of this owner of a great, truly outstanding Vizsla, who is also a great sportsman himself. (Ed. note -- AMEN!)

FIELD FUTURITY

The Vizsla Club of America held its first Field Futurity at Bong Recreation Area on October 12 - 13 1969. First place went to Redstone's Spol owned by Harold Wingerter and handled by Hank Rozanek. Second place went to Bundle's Red Ruffiang owned by Tim Lunde, Colorado. Penny V Romarlin, owned and handled by Ron Holmes, placed third. Following are the judges' comments about each dog that ran:

Brace

1. Arra's Rowdy Sport - D. Ch. Weedy Creek Lobo - Honey Toots 5/14/68 Br. Hartl O/ James & Carolyn Arrasmith
   In contention the first day. A good medium ranging gun dog type derby with a good back course. Did not reach some of the objectives we would like to see but hunted all the way with one bird contact on the back course.

   Brook's Banchi - F.Ch. "Jodi" of Czuki Barat - Ch. Brooks Amber Mist 2/28/68 Br. Anthony Lucas O/ Tony Lucas
   Hunted medium to close range. Went to some objectives and not to others. Had one back course find with one questionable find with two bird field finds.

2. Bundle's Red Dude - Jodo Red - Ripp Barat's Bundle 7/1/68 BR/O Willard Sherman
   Hunted but was quite inconsistent at moments with excellent pattern and range but at times fell off to quite poor in the back course. No bird contact.

   Jake Jacaranda, Jr. - F. Ch. Jake Jacaranda - Miss V Claus 3/10/68 Br/ O/ Bill Fisher
   Hunted out for the most of the back course was quite close range although at times ranging out and reaching objectives. Handled well and had one bird field find with good style.

3. Redstone's Skol - D. Ch. Weedy Creek Lobo - Reidgeland's Iskra Selle 6/8/68 Br/Richard Gengler O/Harold Wingerter
   As we finished there was no question at all to his being the first place dog. He had almost an ideal run with an excellent back course. Hard running, hard hunting dog which we rated as having an outstanding wide gun dog course at times verging on some all-age casts. The dog was well handled, no sign of any trailing, went to objectives on almost every occasion. Had no bird contact on the back course and had one bird field find with excellent style and derby manners. It is true with all of these dogs that they made their placements on the back course and either kept them or in a few instances lost them in the bird field.

   Klayakre Magya - F.Ch. Jake Jacaranda-Queen Inga 5/15/68 Br/ L. Hartl O/ Stan Long
   Went birdless and was guilty of trailing and poor manners with bracemate.

4. Blitzkrieg Buck - F.Ch. Jake Jacaranda Queen Inga 5/15/68 Br/ L. Hartl O/ Mike Strottman
   Hunted medium range, not entirely consistent and came in close at times, and did some trailing. Had one back course contact and one bird field find. Dropped on point in bird field.

   Redstone's Revenge - DC Weedy Creek Lobo - Ridgeland's Iskra Selle 6/8/68 Br. Gengler O/ Robert Freyermuth
   Close ranging dog and was inconsistent enough in the back course to drop him from contention. Had one back course find and one bird field find with good stlye.

5. Penny V Romarlin - F.Ch. Jake Jacaranda Queen Inga 5/15/68 Br. L. Hartl O/ Ron & Bobbie Holmes
   Fine medium ranging back course which was considered an excellent gun dog pattern. Did not quite reach to some objectives that were within desireable range like first and second place dogs did, but she was consistent and did not let down a bit. She hunted the entire

course and used the wind well. Penny had one find in the bird field with good style.

Ripp's Tele-Star - F. Ch. Ripp Barat Ch. Silver Cholla Cactus 9/6/68 Br. J. R. Holcomb O/ Ross Eggestein
Close ranging dog that went birdless.

6. Rebel Rouser Dutch - Rebel Rouser Duke - FCh. Weedy Creek Dutchess 8/13/68 Br. H. Rozanek O/ Robert Ekeler
Very inconsistent dog with moments of very wide range, and had moments of not hunting out too far. Made side and back cast into bird field on castoff and was slow coming to the front, but this in itself was not considered too much of a fault.

Yonda's Centurian's Dream - FCh. Ripp Barat - FCh. Futaki Juliska 1/3/68 Br. Robert Perry O/Richard Yonda
Hunted medium to close range but did not have enough consistency and initative to be a placed dog. Went to some objectives and not to others. One bird field find with excellent style.

7. Bobo Nack Selle - Robel Rouser Duke - FCh. Weedy Creek Dutchess 8/13/68 Br. H. Rozanek O/Sy. Armstead
Hunted at times but was close too much of the time. He had one bird field find.

Jodi's "Mickey" Finn - FCh. "Jodi" of Czuki Barat - Ch. Brook's Amber Mist 2/28/68 Br. A. Lucas O/Lew & Sharon Simon
This dog was inconsistent. He had at times real brilliant -- wonderful casts and then turned right around and would be just as far the other way with close range. Parts of his back course were outstanding and parts were fair to poor. Had one bird contact on the back course but none in the bird field. One of the better dogs.

8. Futaki Nutmeg - Kanyadi Csardas - Futaki Kati 2/27/68 Br. A. Brawner O/John Riegel
Hunted at medium range. Part of the back course excellent and part fair. Not quite good enough to be consistent. Had a lot of bird work with two on the back course and one bird field with one of excellent quality.

Justhill's Rita - FCh. Jake Jacaranda - Queen Inga 5/15/68 Br. O/ Leonard Hartl
Hunted too close. Had a fair back course but came from behind and made more back side casts than would be considered ideal. She had two bird contacts.

9. Futaki Spice - Danyadi Csardas - Futaki Dati 2/27/68 Br/O/ A. Brawner
Hunted close and had a fair back course and used the wind well. Had one back course find of excellent quality and one bird field find.

Redstone's Heidi - DCh. Weedy Creek Lobo - Ridgeland's Iskra Selle 6/8/68 Br/ Gengler O/ Robert Freyermuth
Extremely hard hunting dog with medium range having a few excellent casts. Came from the back too many times to be considered among the first three placed dogs. Still in spite of back casting would have to be called an excellent to fair back course. Dog handled well and had two back course finds on game with short points -- not long enough to be called staunch points but definite points. No bird field work.

10. Ch. Timarka's Tsindee-of-Amber - FCh. "Jodi" of Czuki Barat - Ch. Brook's Amber Mist 2/28/68 Br/Lucas O/Peter Wonser
Was one of the better runs. Dog hunted extremely hard at medium range. Back course was excellent with some spots knocked down to good. She worked a bird under a tree and in getting into position to point the bird left and she chased and wanted to wim a pond on the chase. A nice piece of derby work. Bird field find had to be considered a flash point.

Miss V Jake - FCh. Jake Jacaranda - Miss V Claus 3/10/68 Br/Bill Fisher O/Holly Jo Fisher
Did not range out consistently enough to be placed and although she had two bird contacts did not definitely establish staunch point.

11. Monomoy Futaki Paprika - Kanyadi Csardas - Futaki Kati 2/27/68 Br / Brawner O/ Phyllis Mason
Hunted at times with excellent range to good to fair. Not consistent enough. Did some small amount of trailing. One back course find and three in the bird field. This dog hunted all around the back course like maybe she was in the bird field.

Bundle's Red Ruffian - Jodo Red -Rip Barat's Bundle 7/1/68 Br/ Sherman O/ Tim Lundy
Had a back course varying from wide gun dog to medium range but was consistent and would have to be called an excellent back course. Dog quartered when it was indicated and striaght lined to objectives at the proper times. Dog was well handled but took a minimum of handling. No back course bird contact but had two in the bird field. One excellent chase--probably the best seen all day. One thing that made this dog stand but was his almost perfect honor.

12. Justhill's Golden Girl - DCh. Weedy Creek Lobo - Honey Toots 5/14/68 Br. O/ L. Hartl
This bitch was in season and was picked up about 400 yards out. Handler felt she was not performing to his satisfaction and judges gave permission.

Amber's Windy Autumn - FCh. "Jodi" of Czuki Barat - Ch. Brook's Amber Mist 2/28/68 Br/ Lucas O/ Phillip Rosenberg
Real fine dog the first 2/3 of the course. Medium range but hunted well and intelligently, but then slowed the last third of the course and waited and stopped frequently looking for directions from handler. Had two good bird field finds. You know, you look at these unplaced dogs and get a thrill now and then. This dog made quite a retrieve for a derby dog down there in the bird field from heavy cover. Picked it up and came right striaght back to the handler.

Between the two judges there was no great problem in making the placements. I think we both said this "that for the conditions that were there, they all did an outstanding job and there is not a dog in those 24 dogs that isn't going to make one helluva gun dog and some of them are going to make great trial dogs. Any of these first three dogs could be placed in any derby stake without being ashamed and could be placed first in most stakes. We did insist on as in any AKC stake that the dog find birds and point his birds and was fired over.

They were all good dogs--most of them could have been placed--all working under difficult conditions at times very hard rain, always wet, tall cover, wet quail, even a fully experienced dog would have had difficulty handling these birds under these conditions. We came up with remarkable good bird work in spite of this!"

Personal comments from Hilda Boggs. Futurity Chairman:

I personally enjoy working with the Vizsla. I did wish the weather had been better. Rain, rain, more rain. I wanted it run so that everyone interested in the Futurity could see it. I was pressured by the Board of Directors and certain individuals to change the running time and order. Many people were on the Limited Stake and did not get to see the Futurity at all. Some people asked for special consideration and then they tried to knife me. All people at the Trial were very considerate after the running started.

I had a few anxious moments when one handler didn't think he was going to get to

run on Sunday. He walked to the side, stomped the ground until he got his "cool" back. He asked a special favor of the other handler in the brace and received it. There is a lot of good in this Vizsla Breed. We also have some gentlemen in our owners.

I wish to thank Dick Olsen for reserving our horses, ground and getting the catarers there on Monday. Tony Lucas was a great help in locating quail in Wisconsin and taking care of that for us. I'm sure Ann Brawner got to know all the Futurity handlers. She got the braces on the line and checked tatoos. Thank you Ann. Clif marshalled. He is my chaffeur and body guard. I will always have a warm spot in my heart for Paul and Shirley Rothan. They stood with me all during the rain and cold planting birds. The Vizsla Club of Illinois helped when we needed anything. They have some nice people to work with.

The Vizsla has to improve with all these people to work with them. Pat Walsh and Dick Reinhardt stuck with their cold wet job until the end. I must agree with some others that they did a good job.

Congratulations to the winners and their breeders. Tony - good luck to you with the 1970 Futurities.

OPEN FORUM

After I learned the results of the running of the first VCOA field futurity I felt I should write to you so that the members of the club could be informed of the poor manner in which, in my opinion, the futurity was conducted.

When buying my second Vizsla in July of last year I was informed that the litter was entered in the first futurity for the breed in this country.

I kept up with the forfiets and toward the end of the summer I received a form to be filled out so that I might receive an entry form for the futurity brace drawing. As of October 4, I had not received an entry. Fortunately I was able to find someone who had an entry blank and after zeroxing and completing it I mailed it in. On October 6, I obtained the information by phone that the futurity would probably be run on Monday. In the information I received from the Vizsla Club, it stated that the futurity would be run in conjunction with the 1969 fall field trial on the later advertised date of October 10 and 11. I then placed a call to the president of the Vizsla Club to ascertain what was the correct information on running time. After finding out that he knew less than I did, I requested that he find out the correct information and call me back. He returned my call within 45 minutes, much to my surprise, and told me that the futurity would be started as early Sunday as "humanly" possible and that he would do everything he could before the trail to make sure that the futurity was completed on Sunday.

Having been ordered to report for active duty for the Marine Corps Rserve National Big Bore Matches for the dates of the trial and the following week, I had taken my dog to a friend a week before the trial to get him used to the dog and vice versa as he had kindly consented to run my dog.

The results of the trial were that 26 dogs were entered. The futurity started at 10 o'clock Sunday morning and only 20 dogs were able to run. Asking further I found that only two permits had been acquired for the futurity they could have started at 7:30 instead of 10:00, a difference of 2 1/2 hours in which the last 3 braces could have been run. Needless to say, my dog was in the last three braces. My friend was able to get someone else to run my dog on Monday, because he had to work on Monday. If I had had a professional handler for her perhaps I would have been better off, but I enjoy working with my own dog.

I hope that the club has learned by experience and next year's futurity will not be so grossly mishandled. I think the futurity will be of great benefit to the Vizsla breed it it is run properly.

Ch. Timarka's Tsindee of Amber, above, is shown going best of breed at the 1969 Specialty at Chagrin Valley, she is owned by Peter Wonser, Neenah, Wisconsin, and bred by Tony Lucas, Illinois. Her sire is Field Ch. Jodi of Czuki Barat (front cover); dam is Ch. Brooks Amber Mist.

VCOA specialty

August 24, 1969 was a bright sunny day for Vizsla owners as they met for the Fifth Specialty of the Vizsla Club of America at the Chagrin Valley Kennel Club all-breed dog show. Many Vizsla owners were at ringside for the judging of the First Vizsla Futurity at 8:30. The tent over Ring 1 was very nice to keep the morning dew off the grass and later in the day a very welcome shade.

Shirley Rothan and Sharon Cleary set up the trophy table with a beautiful selection for the exhibitors who would soon be standing at the placement markers. Shirley worked with the ring steward and handled all the Specialty trophies.

Mrs. Meminger arrived early for the 8:30 show time. Many sleepy looking Vizsla owners soon woke up as they went to work in the ring to present their Vizsla in the best possible manner.

Mrs. Meminger was thrilled to have been asked to judge the first Vizsla Futurity; she was the first breeder-judge for our breed. She obviously enjoyed her assignment and was very thorough and helpful to each handler to see the best that was there. Futurity entries were from Colorado, Nebraska, New York, and Ohio.

Here are Judge Meminger comments: "I'd like you to know how very much I appreciate the privilege and pleasure of being asked to judge our first Futurity -- it was indeed an honor.

"I think the breeders should be complimented on the quality Vizsla being produced. I'd hope they will consider carefully the size factor for most are a bit on the large size. The 3 males presented each had good qualities -- the winner showed a great deal of drive and was well put together. The winning bitch is a lovely specimen -- a well developed front, nice body and excellent gait. The second place bitch is a very fine specimen -- with just a bit more maturity and with more chest development, she will be hard to beat."

Shown above are the winners of the 1969 Show Futurity; on the left is Best in Futurity, Magyar's Lady Patricia, owned by John C. Blair. On the right is the Best of Opposite Sex to Best in Futurity, Oury's Alfi Staraza, owned by Harvey and Carolyn Oury.

The Specialty judge, Dr. Rex B. Foster, was at ringside watching the Futurity judging.

Dr. Foster had excellent Vizslas to choose from. 52 dogs were entered with 57 entries. There were 3 absent. One soon noted that

he was picking dogs from the top of the standard with a distinctive slope of the top-line and he was very conscious of the feel.

When the Best of Breed competition started (Winners Dog, Winners Bitch, Field Bitch winner and the Specials), Judge Foster immediately put all the bitches to the front. Once he had gone over, paced, and WALKED each one, he took a good look and brought out his Winners Bitch and one other bitch special. These he put, side by side, up front. Then he pulled out his Winner Dog and two male specials and lined them up side by side behind the bitches. He then examined and cross-examined each one before he put them in a single line and asked those left to the side to fall in behind.

Timark's Tsindee of Amber, above, is the first bitch to win Best of Breed at our Specialty. She was handled by her owner, Peter Wonser, Neenah, Wisconsin. Tsindee since has finished her championship waiting AKC approval. She did this in four shows. She was also Winner's Bitch on Saturday at Ravenna Kennel Club for five points.

Best of Opposite Sex went to Ch. Szekeres Kelet Szel, owned by Clif and Hilda Boggs, Cincinnati, Ohio.

Following the Best of Breed judging, the Breed Bitch and get were judged and Dr. Foster went with Ch. Brook's Amber Mist, and her get which included his Best of Breed selection.

All Vizsla owners were asked to remain in the tent for a buffet luncheon that had been planned by Shirley Rothan, Sharon Cleary, Carolyn Oury and Hilda Boggs. Diane McGivern and her mother served and were kept extremely busy for some time with the ice tea pitcher. Bud McGivern too care of the tent. There were a surprisingly large number of people who ate lunch with us. they stayed long and late considering that the judging was over around noon.

Interesting side lights of the show: Martha and Clayton Hutchins and Martha Coody drove up from Texas. Evelyn Arold flew out from Arizona. We had no entries from Canada or Mexico this year.

I believe it is also interesting to note that Imarka's Tsindee of Amber was nominated in the Field Futurity and not the Show. I hear by the grapevine that all 1970 Futurity Breeders are encouraged to enter both. Ch. Sekeres Kelet Szel is one of two dogs to have attended all 5 Specialties. He is not five years old yet.

Best of Opposite sex went to Ch. Szekeres Kelet Szel, below, owned by Clif and Hilda Boggs. Breeders were John and Pricilla Carter. The sire is Ch. Hunor; dam is Ch. Szkeres' Kezdet.

VCOA Fall field trial

The 1969 VCOA Fall field trial was held on October 11 and 12 at Bong Recreation Area, Kansasville, Wisconsin, in "field trial" weather. Rain held off until Sunday, and Saturday was cloudy and cool. Judges for the event were Gene Johnson, Thomas Schwertfeger, Claude Butler, and Del Glodowski.

A kick-off dinner was held Friday night at the Antioch, Illinois, Country Club, which was also the scene of the Judges' Banquet on Saturday evening when the Saturday placements were announced.

There were 104 Vizslas entered in the trial. VCOA appreciation goes to the field trial chairman, Dick Olsen, and to Field Trial Secretary George Solberg, and other members of the committee Dick Bakotic, Gerald Pittro, Lewis Simon, and Wayne Lambrecht.

The weather on Sunday prevented pictures being taken. Judges' comments about the placed dogs have been promised, but not yet received.

Following are the placements in each stake:

OPEN GUN DOG (26 entries)
1. F. Ch. Jodi of Czuki Barat, O/H Lew Simon
