

RV Information

We are pleased to be able to offer multiple RV options onsite at the Canterbury Event center.

For those of you that like to have power for the week
50 AMP Power available for \$45 per night
30 AMP Power available for \$35 per night
No Power available for \$15 per night

The spots with power are closer to the building and will require someone to show you where to park. There is an unlimited number of no power spots. We will have spaces number for those that sign up for them ahead of time and will have additional for anyone not making reservations. All power spots will require reservations and there is a limited number of spots.

Generator use will be allowed in the no power area. This will be located close to the Event Center and in view of the building.

You will need to list the day arriving and departing on the Reservation Form, along with what type of power you would like.

RESERVATIONS:

To secure an RV spot, please use the Reservation Form. Power Spaces are limited and once these are reserved the option will be removed from the 2022 NSCE Store at:
https://www.vcaweb.org/events/specialty_2022.shtml
